

# SCNR GOVERNMENT DEGREE COLLEGE

Proddatur, YSR Dist – 516360

## NEWS LETTER FEB - 2023

**Dr G Chandra Sekhar M.Sc.,M.Phil.,Ph.D**

Principal

### Principal's Message

It has been an absolute pleasure to have been associated as the Principal of SCNR Government Degree College. It has been an incredible journey and I would like to extend my sincere gratitude to all of the staff, students and parents of this community for the wonderful support I have received. I would also like to acknowledge and thank the Director and other officials of CCE for their support. All of us in education strive to create an exciting learning environment for our students. I thank all the parents, students and staff for the good wishes and acknowledgements. My best wishes to all students for a safe, peaceful and glorious future.

### Science Departments Celebrate National Science Day

*Proddatur, [28-02-23]*

In a spirited celebration of National Science Day, the science departments of SCNR Government Degree College in Proddatur came together to pay tribute to the eminent physicist Sir C.V. Raman and promote the significance of scientific knowledge. The event garnered active participation from the college's Principal, Dr. G. Chandra Sekhar, and various heads of departments, faculty members, and students.

#### Honoring Scientific Legacy

National Science Day is commemorated in India on February 28th, marking the anniversary of the discovery of the Raman Effect by Sir C.V. Raman, the renowned Indian physicist. The event serves as a reminder of the crucial role that science plays in our daily lives.

#### Diverse Science Departments Unite

The departments of Botany, Zoology, Physics, and Chemistry, along with the Department of Computer Science, came together to celebrate the occasion. The event aimed to encourage scientific exploration and knowledge sharing.

### **Dr. G. Chandra Sekhar's Inaugural Address**

The celebration commenced with an inaugural address by Dr. G. Chandra Sekhar, the Principal of SCNR GDC Proddatur. He emphasized the importance of scientific research and innovation in addressing global challenges and encouraged students to take an active interest in science and technology.

### **Interactive Sessions and Workshops**

The day was filled with interactive sessions and workshops led by the respective department heads. Students had the opportunity to engage in hands-on experiments and gain practical insights into various scientific disciplines. These sessions aimed to nurture scientific curiosity and critical thinking.

### **Promoting Interdisciplinary Learning**

The event underlined the significance of interdisciplinary learning by showcasing the interconnectedness of various scientific fields. It encouraged students to explore beyond their chosen majors and appreciate the multifaceted nature of scientific knowledge.

### **Commitment to Scientific Education**

The heads of departments, including J. Chandra Sekar (Physics), P. Suresh (Chemistry), D. Vasu Babu (Botany), G. Damodara Rao (Zoology), and D. Manoj Prabhakar (Computer Science), affirmed their commitment to nurturing scientific education and fostering a culture of scientific inquiry.

### **Inspiring the Next Generation of Scientists**

The National Science Day celebration at SCNR GDC Proddatur aimed to inspire and empower the next generation of scientists and innovators, encouraging them to explore, question, and contribute to the world of science.

### **Field Visit by BSc BZC Students from SCNR GDC Proddatur to Government Degree College Autonomous, Kadapa**

*Kadapa, [03-02-23]*

In a significant academic exchange, BSc BZC students from SCNR Government Degree College in Proddatur embarked on a field visit to Government Degree College Autonomous, Kadapa. The visit, organized as part of a Memorandum of Understanding (MOU), provided an enriching opportunity for students to explore the academic offerings of the host institution. The visit, which took place on February 3rd, was led by the Head of Department (HOD) of Botany, Mr. D. Vasu Babu, along with Mr. J. Suresh, HOD of Chemistry, and Mr. Jayasimha, a lecturer in Chemistry.

### **Enhancing Academic Collaboration**

The visit to Government Degree College Autonomous in Kadapa underscores the commitment of both institutions to enhancing academic collaboration and fostering a culture of shared learning and knowledge exchange.

## Exploring Multiple Disciplines

During the visit, BSc BZC students had the opportunity to explore the Chemistry, Botany, and Zoology departments of Government Degree College Autonomous. The students gained insights into

the diverse academic programs and research activities conducted at the host institution.

## Engaging with Chemistry

In the Chemistry department, students were engaged in interactive sessions, practical demonstrations, and discussions on various chemical concepts and experiments. These activities offered students a glimpse into the fascinating world of chemistry and its practical applications.

### Exploring the World of Botany

The visit to the Botany department provided students with exposure to the study of plant life, biodiversity, and research in the field. They had the chance to observe botanical specimens and engage in discussions about the relevance of botany in environmental studies.

### Discovering Zoological Wonders

In the Zoology department, students explored the world of zoology, examining various animal specimens and learning about the principles of animal science and research.

### Building Academic Bridges

The field visit not only expanded the horizons of the BSc BZC students but also established stronger academic bridges between SCNR Government Degree College in Proddatur and Government Degree College Autonomous in Kadapa. Such collaborations serve as a valuable opportunity for students to experience diverse academic environments and gain a deeper understanding of their chosen fields of study.

### Acknowledgment and Gratitude

The students, faculty members, and administrators expressed their appreciation for the warm reception and enriching academic experience provided by Government Degree College Autonomous, Kadapa.

### Future Endeavors

This field visit is just one step in a broader journey of academic collaboration and knowledge exchange, with both institutions looking forward to future endeavors and shared initiatives. For more information on academic collaborations and inquiries related to the field visit, please contact [Contact Information].
