SCNR GOVERNMENT DEGREE COLLEGE, PRODDATUR

DEPARTMENT OF MATHEMATICS

Syllabus for Certificate course on

"Fluid Dynamics"

Year: 2017

Course Duration: 30 Days

Chapter-1

One-dimensional flow

Introduction, Eulerian method, the pressure Equation-Euler's momentum, theorem for steady motion.

Chapter-2

General equations of motion

Introduction, the equations of motion of an inviscid flow, irrotational motion, boundary conditions-uniqueness, Euler's momentum theorem.

Chapter-3

Two-dimensional flow

Introduction, two dimensional functions, basic singularities, Rankine technique, method of images, conformal transformation, the aero foil, irrotational motion in three dimensions, Laplace equation.

Chapter-4

Dynamics of real fluids

Introduction, the equations of motion for viscous flow, some exact solutions of Navier-stokes equations, very slow motion.

Question Paper

Subject: Certificate course on FLUID DYNAMICS

Maximum Marks: 40

Time: 1 Hour and 30 minutes

Section-I

Answer any three of the following questions. Each question carries 10 marks. $3 \times 10 = 30$ Marks.

1. Write about the analysis of fluid motion.
2. Derive the equation of material derivative or Stoke's derivative.
3. Derive the equation of continuity.
4. State and prove Reynold's transport theorem.
5. Derive Navier-Stokes equations for viscus incompressible fluids.

Section-II

Answer any two of the following questions. Each question carries 5 marks. $2 \times 5 = 10$ Marks.

6. Explain about strain and rate of strain.
7. Write about Euler's equation of motion of an inviscid fluid.
8. Explain about two dimensional flows.
9. Discus about Reynold's number.

DEPATMENT OF MATHEMATICS

CIRCULAR

Based on the advice of the principal all the students of B.Sc. (MPC&MPCs) of I, II & III year are here by informed that the department of Mathematics is going to organize a certificate course on FLUID DYNAMICS which help the students to understand varies properties of fluids and heat transfer mechanisms involved in fluid mechanics. This course enhances the knowledge of understand the properties as well as heat transfer mechanism in the area of fluid dynamics. All the interested students are instructed to enroll their names to course coordinator Sri K. Nagesh in charge of the department of Mathematics and obtain the syllabus on or before 7-10-2017.

Justification – Need:

Our University is always very keen to carry out innovative steps in the academic fields. This course is very relevant, especially for the Students coming from the semi-urban and rural areas.

It is our experience that 95% of our students come from the rural and remote areas. Most of the Students are unaware of Human Rights and Duties. Their lack and inadequate of knowledge of this field and their rural background and economic condition creates inferiority complex in their mind set up. In order to make these Students morally, ethically economically and intellectually powerful, the Human Rights knowledge is very essential because our knowledge brings power in day to day routine life.

It is our sincere effort to make our Students capable of facing the strong competitive environment and there is a great need in this century. It will help to prove their talent in and around the world and helps in their future career. Our University is rich in Library facility, highly qualified and experienced teaching / non teaching staff and administrative staff, computer lab facility, availability of infrastructure and all other facility will help to carried out our course in a very efficient and scientific manner in the University.

We are sure of getting a good response from the Students. It incorporate human rights issues like legal right, duties, dignity, equality, liberty, Justice, Fraternity, obligation and other rules that will attract the students to take up the course on an emotional as well as intellectual level.

We are confident, the course will help thinking and stimulate debate and positive result and innovative thoughts. We are confident, the course is very much convenience of the students to give them priority.

Objectives:

- i. To spread the information about Human Rights and Duties.
- ii. To acquaint the student with organization structure on human rights.
- iii. To create interest on Human Rights education.
- iv. To create awareness about moral, ethical, social and democratic values.

SUMMARY OF THE COURSE:

S.C.N.R. Govt. Degree College has been established in 1966. The Department of English was also started in the same year. The Department plans to develop certain special subjects Courses and expertise in the areas of language and literature. The Department has sufficient strength of students for Under Graduate course. The Department has also contributed in training LSRW Skills, Communication Skills, Life Skills, etc in this region.

The main mission and goal of the department is to train graduate students in advanced post-graduate studies to enable them to take up academics as their career. The programme options are oriented mainly towards academics, but can help the students even if they intend

to practice other related areas or take up other assignments in other related area or any other social activity.

This course is designed for those with limited background in teaching and learning spoken English. Its focus is primarily practical. It presents an overview of issues and techniques in teaching spoken English (or 'Conversation') to speakers of other languages. It begins by providing a detailed examination of the English phonological system, and the features of conversational English, using approaches from Conversation Analysis. It then moves on to examine, through experiential learning, a range of pedagogical strategies for teaching the skill of spoken interaction to learners with varying levels of English proficiency, including the teaching of pronunciation. It considers the basic vocabulary of spoken English, techniques to help learners speak accurately and fluently, and techniques for encouraging learner participation. It also aims to develop confidence in skills in materials design, adaptation, and evaluation.

AIMS OF THE COURSE:

1. Demonstrate knowledge of the phonological features of the English Language.
2. Explain the characteristics of spoken discourse and apply current findings from discourse analysis to the selection of materials and organisation of English teaching programs.
3. Critically analyse and evaluate methods of teaching oral communication and to draw consequences for their own practice
4. Articulate their current practice, to reflect upon it, and to formulate alternative types of practice.
5. Implement effective teaching and assessment programs for the skills of listening and speaking.

GOAL OF THE COURSE:

Communicate fluently with slight grammar imperfections on most of the general topics.

OBJECTIVES OF THE COURSE:

Upon completion of this course the students should be able to demonstrate the ability to :

- Communicate in a clear and coherent manner that is comprehensible to a non-expert.
- Give oral presentations on and discuss everyday topics(social area).
- Understand speaker's appeal by his intonation.
- Identify the idea of conversation, dialogue or monologue, lecture, telephone talk.
- Handle the telephone calls.

STUDENT LEARNING OUTCOMES:

Course participants will

1. Define and demonstrate an understanding of general terminology and principles associated with the teaching of spoken English.
2. Demonstrate knowledge of the phonological system of English and its application to the classroom
3. Demonstrate knowledge of the basic vocabulary of spoken English, and its implications for teaching.
4. Demonstrate an understanding of the major trends in teaching the spoken language, including their theoretical principles, origins, strengths and weaknesses, and how these can be implemented into their teaching situations,
5. Differentiate between different techniques and strategies for teaching the spoken language, and be able to make appropriate decisions about the use of these with different learner groups.
6. Critically interpret and adapt techniques, strategies, and materials so they are appropriate for their own teaching situations.

SUMMARY OF THE COURSE:

S.C.N.R. Govt Degree College has been established in 1966. The Department of Commerce was also started in the same year. The Department plans to develop certain special subjects Courses and expertise in the areas of business and commerce. The Department has sufficient strength of students for Under Graduate. The Department is also contributed in free service of auditing, income tax, banking exams, etc in this region.

The Certificate Course in Human Resource Management is a practice oriented course aimed at candidates who wish to acquire formal training in Human Resource management. The Demand of professionals trained in the field of Human Resource Development has grown over a period of time and will continue to grow in the years to come. The goal is to prepare candidates to be ready to take up leadership positions in the Human Resource Management field in India and abroad. Keeping in view the huge current as well as potential demand for the professionally qualified manpower for Human Resource sector, BAMS has designed this course to cater to the industry, ready-made, skilled and knowledgeable professionals who are in position to perform and yield results immediately on their joining.

PURPOSE AND OBJECTIVES:

The aim of the course is to impart a thorough knowledge of Human Resource functions, the ability to lead any change process, innovation, problem solving, the leadership ability to influence the organization, etc.

1. To impart in-depth knowledge of Human Resource Management to candidates who wish to specialize in this field.
2. To make the candidates broadly conversant with importance of Human Resource and its management besides developing requisite skills and competence to manage Human Resource matters confidently, effectively and efficiently.
3. To provide a steady stream of manpower resource to the industry in order to fulfill their ever growing demands in this field.

Rationale

The role of Human Resource has changed greatly since medieval times when the major motivational factors were basic human necessities and the role of Human Resource was to arrange for these in proportion to the work done. Today's company should consist of fast, flexible and dynamic teams of enthusiastic, motivated, creative and fully self expressed people. HRM course in India are among the most coveted post graduate study programme. HR is perhaps the most rewarding of all resources utilized by production processes. Investments in human capital are never wasted, and companies always seek newer avenues to enrich this form of capital. Human capital is a focused and exhaustive field of post graduate study involving study in labour laws, motivational techniques, organizational behaviour, networking and intellectual and attitudinal development of employed Human Resource. The

development of Human Resources starts from childhood in forms of formal education in various stages, viz. kindergarten, primary school, middle school, high school and college. HRM Study as a subject is taught in the post graduation level. It focuses on development of Human Capital as a factor of production. This development of Human Capital is a very sensitive issue and takes careful planning process.

STUDENT LEARNING OUTCOMES

Course participants will

1. Define and demonstrate an understanding of general terminology and principles associated with the laws and regulations of human resource management.
2. Demonstrate knowledge of organization, participative management and its application to the society.
3. Demonstrate knowledge of the basic vocabulary of labour, trade unions and industrial relations.
4. Demonstrate an understanding of the major trends in organizational communication, including their theoretical principles, origins, strengths and weaknesses, and how these can be implemented in the present society.

CIRCULAR

In view of to create interest to the students of Physics of SCNR Govt.Degree College, Proddatur the Dept.of Physics has initiated to start a certificate course namely " Fundamentals of nanoscience and technology " in the month of October 2017.

Hence, all the students Of BSc I, II and III years are requested to enroll their names in the dept. of Physics with lecturer P.Siva Rami Reddy on or before 29-09-2017. The principal has appointed Sri. P.Siva Rami Reddy as course coordinator for this certificate the duration of the course is 30 days. After successful completion or course for period of one month certificate will be issued to the students.

Faculty members of the all departments in our college are informed to participate in the inaugural session of the certificate course by the department of Physics.

Principal accorded to start a new certificate course by the dept. of Physics for the benefit of the students of SCNR Govt.Degree College, Proddatur.

Duration of Course: 30days

Fundamentals of nanoscience Nano science and Technology

Syllabus

Total : 30 periods

Unit I Introduction

Nanoscale Science and Technology- Implications for Physics, Chemistry, Biology and Engineering- Classifications of nanostructured materials- nano particles- quantum dots, nanowires-ultra-thin films- multilayered materials. Mechanical, Electronic, Optical, Magnetic and Thermal properties. (10 periods)

Unit II GENERAL METHODS OF PREPARATION

Bottom-up Synthesis-Top-down Approach: Co-Precipitation, Ultrasonication, Mechanical Milling, colloidal routes, self assembly, Vapour phase deposition, sputtering evaporation Evaporation, Molecular Beam Epitaxy, Atomic Layer Epitaxy, MOMBE. (10 periods)

UNIT IV Characterization techniques

X-ray diffraction technique, Scanning Electron Microscopy - environmental techniques. Transmission Electron Microscopy including high-resolution imaging, Surface Analysis Techniques, AFM, SPM, STM, SNOM, ESCA, SIMS, (5 periods)

UNIT IV APPLICATIONS

NanoInfoTech: Information storage- nanocomputer, molecular switch, super chip, nanocrystal, Nanobiotechnology: nanoprobe in medical diagnostics and biotechnology, Nano medicines, Targeted drug delivery, (5 periods)

TEXT BOOKS:

1. A.S. Edelstein and R.C. Cammearata, eds., "Nanomaterials: Synthesis, Properties and Applications, Institute of Physics Publishing, Bristol and Philadelphia, 1996

Section I

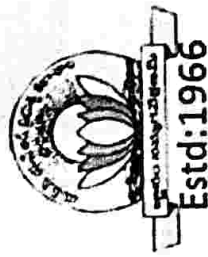

Answer any three questions. Each question carries 10marks. $3 \times 10 = 30$

1. What are implications of nanoscience and technology in various fields of science?
2. State and explain various method for preparation of nanomaterials
3. Explain about various forms of nanomaterials.
4. Explain various methods or characterization of nano materials
5. What are various applications of nanomaterials.

Section II

Answer any four .Each question carries five marks. $4 \times 5 = 20$

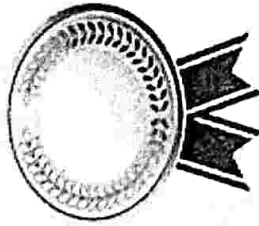

1. What is coprecipitation method. When it is used?
2. E.xplain brefly about electron beam evaporation method
3. How are quantum dots and quantum wires prepared?
5. What is the use of nanotechnology in medical lab diagnostics and biotechnology?

CIRCULAR

As per the instructions of the principal all the students of B.Sc. (MPC & MPCs) of I, II & III year are here by informed that the department of Mathematics is going to organize a certificate course on "DIFFERENTIAL GEOMETRY" which help the students to solve the problems of differential geometry. This course enhances the knowledge of various techniques involved in study of differential geometry. All the interested students are instructed to enroll their names to course duration Sri K. Nagesh in charge of the department of Mathematics and obtain the syllabus on or before 29 -09-2018.

CIRCULAR

In view of to create interest to the students of Physics of SCNR Govt.Degree College, Proddatur the Dept.of Physics has initiated to start a certificate course namely " operational amplifiers and sequential digital circuits " in the month of December 2018.

Hence, all the students Of BSc I, II and III years are requested to enroll their names in the dept. of Physics with lecturer P.Siva Rami Reddy on or before 29-11-2018. The principal has appointed Sri. P.Siva Rami Reddy as course coordinator for this certificate the duration of the course is 32days. After successful completion or course for period of one month certificate will be issued to the students.

Faculty members of the all departments in our college are informed to participate in the inaugural session of the certificate course by the department of Physics.

Principal accorded to start a new certificate course by the dept. of Physics for the benefit of the students of SCNR Govt.Degree College, Proddatur.

Duration of Course: 30days

Timings: 9am-10am

Operational amplifiers and Sequential digital circuits
Certificate course for IV Semester students
SCNR GOVT Degree College Proddatur

Syllabus (Total Hours: 32 hours)

- 1. Operational Amplifiers:** Characteristics of ideal and practical Op-Amp (IC 741), Basic differential amplifiers, Op-Amp supply voltage, IC identification, Internal blocks of Op-Amp, its parameter off set voltages and currents, CMRR, slew rate. (10 hours)
- 2. Applications of Op-Amp:** Op-Amp as voltage amplifier, Inverting amplifier, Non-inverting amplifier, voltage follower, summing amplifier, difference amplifier, comparator, integrator, differentiator.(10 hours)
- 3. Sequential digital circuits:** Flip-flops, RS, Clocked SR, JK, D, T, Master-Slave Flipflops, Conversion of Flip flops (10 hours)

Operational amplifiers and Sequential digital circuits

Certificate course for VI Semester students

SCNR GOVT Degree College Proddatur

Marks 50

Question paper

Time 2hours

Section I

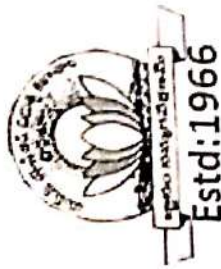

Answer any three questions. Each question carries 10 marks

1. What are the Characteristics of ideal and practical Op-Amp (IC 741)? Explain Basic differential amplifiers,
2. Explain construction and working Op-Amp as voltage amplifier.
3. Write about integrator and differentiator
4. Describe construction and working of JK flip-flop

Section III

Answer any four questions. Each question carries 5 marks

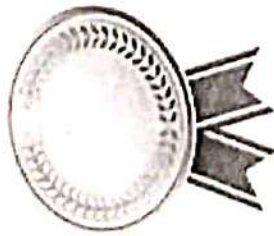

1. Write a short note on CMRR, slew rate.
2. Explain working of op-amp based on a block diagram.
3. What about summing amplifier?
4. Write a short note on Conversion of Flip flops?
5. How an Inverting amplifier works?

SUMMARY OF THE COURSE:

S.C.N.R. Govt Degree College has been established in 1966. The Department of English was also started in the same year. The Department plans to develop certain special subjects Courses and expertise in the areas of language and literature. The Department has sufficient strength of students for Under Graduate course. The Department has also contributed in training LSRW Skills, Communication Skills, Life Skills, etc in this region.

The main mission and goal of the department is to train graduate students in advanced post-graduate studies to enable them to take up academics as their career. The programme

options are oriented mainly towards academics, but can help the students even if they intend to practice other related areas or take up other assignments in other related area or any other social activity.

This course is designed for those with limited background in personality development. Its focus is primarily practical.

Rationale

The influence of human personality upon the functional efficiency of an organization and its personnel has been widely recognized. The personality can also be modified to a certain extent. Accordingly, recent years have seen a variety of efforts by professionals in various fields to design courses that will help develop certain positive trends in personality. The objective of such courses is to remove or screen out those barriers or obstructions that stand in the way of the expression of individual personality, through a process of training.

The present course on personality development is specifically design to cater to the demands of the rural area students in order to improve functional efficiency. When effectively operationalised, this course should ensure that participants are given adequate opportunity to gain skills that will help improve their functional efficiency.

AIMS OF THE COURSE:

This course aimed at the promotion of the strategies for the personality development of the participants. The rationale behind this endeavor is the recognition of the multifaceted influence of the personality of the employees upon organisational effectiveness.

GOAL OF THE COURSE:

Communicate fluently with slight grammar imperfections on most of the general topics.

OBJECTIVES OF THE COURSE:

The objective of this course is to bring about personality development with regard to the different behavioural dimensions that have far reaching significance in the direction of organisational effectiveness.

1. To impart knowledge, sharpen skills and orient attitudes of participants so that they are capable of performing better in their roles as leaders based on the situation.
2. To create an awareness in the participants with regard to the different aspects of interpersonal relations based on the ideas envisaged in Transactional Analysis and their relative significance in the context of the functional effectiveness of organisations.
3. To empower participants to be better communicators by providing them with relevant inputs and also sharpening their skills.

4. To improve managerial capabilities of participants through team building and group dynamics.
5. To clarify the concepts related to Performance Appraisal and create an awareness regarding its method of implementation in the context of its contribution to Personality Development.
6. To impart relevant knowledge, sharpen the requisite skills and orient attitudes of participants so that they become more efficient with regard to the management of time.

STUDENT LEARNING OUTCOMES

Course participants will

1. Acquire knowledge, sharpen skills and orient attitudes and learn that they are capable of performing better in their roles as leaders based on the situation.
2. Create an awareness among themselves with regard to the different aspects of interpersonal relations based on the ideas envisaged in Transactional Analysis and their relative significance in the context of the functional effectiveness of organisations.
3. Be empowered to be better communicators by providing themselves with relevant inputs and also sharpening their skills.

SUMMARY OF THE COURSE:

S.C.N.R. Govt Degree College has been established in 1966. The Department of Commerce was also started in the same year. The Department plans to develop certain special subjects Courses and expertise in the areas of business and commerce. The Department has sufficient strength of students for Under Graduate course. The Department has also contributed in free service of auditing, income tax, banking exams, etc in this region.

The Certificate Course in Human Resource Management is a practice oriented course aimed at candidates who wish to acquire formal training in Human Resource management. The Demand of professionals trained in the field of Human Resource Development has grown over a period of time and will continue to grow in the years to come. The goal is to prepare candidates to be ready to take up leadership positions in the Human Resource Management field in India and abroad. Keeping in view the huge current as well as potential demand for the professionally qualified manpower for Human Resource sector, the Department of Commerce has designed this course to cater to the industry, ready-made, skilled and knowledgeable professionals who are in position to perform and yield results immediately on their joining.

PURPOSE AND OBJECTIVES:

The aim of the course is to impart a thorough knowledge of Human Resource functions, the ability to lead any change process, innovation, problem solving, the leadership ability to influence the organization, etc.

1. To impart in-depth knowledge of Human Resource Management to candidates who wish to specialize in this field.
2. To make the candidates broadly conversant with importance of Human Resource and its management besides developing requisite skills and competence to manage Human Resource matters confidently, effectively and efficiently.
3. To provide a steady stream of manpower resource to the industry in order to fulfill their ever growing demands in this field.

Rationale

The role of Human Resource has changed greatly since medieval times when the major motivational factors were basic human necessities and the role of Human Resource was to arrange for these in proportion to the work done. Today's company should consist of fast, flexible and dynamic teams of enthusiastic, motivated, creative and fully self expressed people. HRM course in India are among the most coveted post graduate study programme. HR is perhaps the most rewarding of all resources utilized by production processes. Investments in human capital are never wasted, and companies always seek newer avenues to enrich this form of capital. Human capital is a focused and exhaustive field of post graduate study involving study in labour laws, motivational techniques, organizational behaviour, networking and intellectual and attitudinal development of employed Human Resource. The

Development of Human Resources starts from childhood in forms of formal education in various stages, viz. kindergarten, primary school, middle school, high school and college. HRM Study as a subject is taught in the post graduation level. It focuses on development of Human Capital as a factor of production. This development of Human Capital is a very sensitive issue and takes careful planning process.

STUDENT LEARNING OUTCOMES

Course participants will

1. Define and demonstrate an understanding of general terminology and principles associated with the laws and regulations of human resource management.
2. Demonstrate knowledge of organization, participative management and its application to the society.
3. Demonstrate knowledge of the basic vocabulary of labour, trade unions and industrial relations.
4. Demonstrate an understanding of the major trends in organizational communication, including their theoretical principles, origins, strengths and weaknesses, and how these can be implemented in the present society.

OPTICAL INSTRUMENTS AND OPTOMETRY
Certificate course for III Semester students
SCNR GOVT Degree College Proddatur

Syllabus: *(Total Hours: 32 hours)*

UNIT-I OPTICAL MICROSCOPES (5hrs)

Introduction to Microscopes, Different types of microscopes and their uses, Simple microscope-Construction, Magnifying power, normal adjustment; Compound microscope-Construction, Magnifying power, normal adjustment,

UNIT-II TELESCOPES (8hrs)

Introduction to Telescopes, Different types of Telescopes and their uses, Refracting Telescopes and Reflecting telescopes, Construction, working and magnifying power of Astronomical Telescope and Terrestrial Telescopes, Binoculars – working principle and applications.

UNIT-III APPLICATIONS OF Various microscopes (8hours)

Introductory ideas and applications of various microscopes viz., (i) Optical microscopes (Compound microscope, Stereo microscope, Confocal microscope) (ii) Electron microscopes (TEM, SEM), (iii) Scanning Probe microscope.

UNIT-IV APPLICATIONS OF Various microscopes (8hours)

Introductory ideas and applications of various telescopes viz., (i) Optical telescopes (ii) Radio telescopes (iii) Solar telescopes (iv) Infrared telescope (v) Ultraviolet telescope (vi) X-ray telescope and (vii) Gamma ray telescope

Marks 50

Question paper

Time 2 hours

Section I

Answer any three questions. Each question carries 10 marks

1. Compound microscope-Construction, Magnifying power, normal adjustment.
2. Construction, working and magnifying power of Astronomical Telescope.
3. Explain about (i) Electron microscopes (TEM, SEM), (ii) Scanning Probe microscope.
4. Write about (i) Ultraviolet telescope (ii) X-ray telescope and (iii) Gamma ray telescope

Section III

Answer any four questions. Each question carries 5 marks

1. write a short note on Simple microscope.
2. what is Surface enhanced Raman Scattering?
3. Write differences between Refracting Telescopes and Reflecting telescopes.
4. Explain the working principle and applications of Binoculars.
5. Write differences between Telescope and Microscope.

Inscription of Chalukyas of Kalyana king Vikramaditya VI

This office received photograph of this inscription engrave on a slab found in the field of Kurnool District, Andhra Pradesh. It is written in Kannada Language and characters, dated in Chalukya Vikrama year 27. It seems to register the gift of some taxes and one oil crusher to the god Billesvara by Dandanayaka. Further it seem to record that a official named Raviya gifted a village to the deity.

CERTIFICATE COURSE ON ANALYSIS OF FOODS & DAIRY PRODUCTS

Course outcomes :

After successful completion of the course, students will be able to:

1. Define vocabulary relevant to food product analysis
2. Discuss the importance of food safety and quality control.
3. Know the nutritional value and quality for commercial milk production and Distribution.
4. Learn the information about composition, appearance, texture, flavor, shelf-life, safety, processibility, and microstructure

SYLLABUS

UNIT-I

Analysis of food materials:

10hrs

Analysis of food materials- Preservatives: Sodium carbonate, sodium benzoate sorbic acid
Coloring matters. - Brilliant blue FCF, fast green FCF, tertrazine, erythrosine , sunset yellow FCF.

UNIT-II

10hrs

Analysis of Flavoring agents:

Flavoring agents - Vanilla , diacetyl, isoamyl acetate, limonene, ethylpropionate , allyl hexanoate and Adulterants in rice and wheat, wheat floor, sago,coconut oil, coffee powder, tea powder, milk.

UNIT-III

Analysis of Dairy products

10 hrs

Analysis of Milk and milk products: Acidity, total solids, fat, total nitrogen, protenines,lactose, phosphate activity, casein, choride.

List of Reference Books

1. H.Wincciam and Bobbles (Henry J)- Instrumental methods of analysis of food additives.,
2. H.Edward-The Chemical analysis of foods; practical treatise on the examination of food stuffs and the detection of adulterants,

Date: 25-10-2021

Respected sir,

Sub: scnr GDC, Proddatur – Department of Zoology - Permission to conduct
Certificate Course – **Certificate Course in Medical Laboratory Technology** – from
01.11.2021 to 31.12.2021 – Request – Reg.

We, the Department of Zoology of our college proposed to conduct a certificate course on Certificate Course in Medical Laboratory Technology to B.Sc. students for 30 days. The classes will be conducting in the zero hours of our college in working days. K Chandra Mohan will be the coordinator, G Damodara rao as the members to follow up the curriculum of the course.

So, we kindly request to permit us to start the above said course as per the scheduled time.

Thanking you

Yours sincerely,

MINUTES OF THE MEETING

Department of Zoology held a meeting on 16-10-2021 and passed a resolution to organize Certificate Course in **Medical Laboratory Technology** under the guidance of K CHANDRAMOHAN . The other staff member of the Department G Damodara rao also present the meeting . The course was planned to be held for 30 working hours.

The certificate course was organized from 01-11-2021 to 31-03-2021 for the academic year 2020-2021 to the BSc (BZC) students for curriculum enrichment.

LEARNING OBJECTIVES

Certificate Course in Medical Laboratory Technology basically concerns the treatment, diagnosis, and helps in the prevention of diseases by the help of clinical laboratory tests.

- In this course, students will learn all the skills required to handle advanced equipment to perform precise laboratory tests.
- This medical laboratory course guides the instruction about procedures in automated, semi-conducted, and blood count cells.
- In this course, students study major topics including basic immunology, metabolism and genetics, cultural characteristics, microbial morphology, and theory of disease process.
- Students get to learn how to perform the tests which help in the diagnosis and treatment of diseases. They also get to learn the formation of various hematologic disorders like anaemia.

NOTIFICATION for CERTIFICATE COURSE

Department of Zoology invites applications from eligible candidates for 30 days certificate course on or before 28-10-202. Certificate will be issued after completion of the course on conducting an assessment

SUMMARY OF THE COURSE:

S.C.N.R. Govt Degree College has been established in 1966. The Department of Commerce was also started in the same year. The Department plans to develop certain special subjects Courses and expertise in the areas of business and commerce. The Department has sufficient strength of students for Under Graduate course. The Department has also contributed in free service of auditing, income tax, banking exams, etc in this region.

The Certificate Course in Human Resource Management is a practice oriented course aimed at candidates who wish to acquire formal training in Human Resource management. The Demand of professionals trained in the field of Human Resource Development has grown over a period of time and will continue to grow in the years to come. The goal is to prepare candidates to be ready to take up leadership positions in the Human Resource Management field in India and abroad. Keeping in view the huge current as well as potential demand for the professionally qualified manpower for Human Resource sector, the Department of Commerce has designed this course to cater to the industry, ready-made, skilled and knowledgeable professionals who are in position to perform and yield results immediately on their joining.

PURPOSE AND OBJECTIVES:

The aim of the course is to impart a through knowledge of Human Resource functions, the ability to lead any change process, innovation, problem solving, the leadership ability to influence the organization, etc.

1. To impart in-depth knowledge of Human Resource Management to candidates who wish to specialize in this field.
2. To make the candidates broadly conversant with importance of Human Resource and its management besides developing requisite skills and competence to manage Human Resource matters confidently, effectively and efficiently.
3. To provide a steady stream of manpower resource to the industry in order to fulfill their ever growing demands in this field.

Rationale

The role of Human Resource has changed greatly since medieval times when the major motivational factors were basic human necessities and the role of Human Resource was to arrange for these in proportion to the work done. Today's company should consist of fast, flexible and dynamic teams of enthusiastic, motivated, creative and fully self expressed people. HRM course in India are among the most coveted post graduate study programme. HR is perhaps the most rewarding of all resources utilized by production processes. Investments in human capital are never wasted, and companies always seek newer avenues to enrich this form of capital. Human capital is a focused and exhaustive field of post graduate study involving study in labour laws, motivational techniques, organizational behaviour, networking and intellectual and attitudinal development of employed Human Resource. The

Development of Human Resources starts from childhood in forms of formal education in various stages, viz. kindergarten, primary school, middle school, high school and college. HRM Study as a subject is taught in the post graduation level. It focuses on development of Human Capital as a factor of production. This development of Human Capital is a very sensitive issue and takes careful planning process.

STUDENT LEARNING OUTCOMES

Course participants will

1. Define and demonstrate an understanding of general terminology and principles associated with the laws and regulations of human resource management.
2. Demonstrate knowledge of organization, participative management and its application to the society.
3. Demonstrate knowledge of the basic vocabulary of labour, trade unions and industrial relations.
4. Demonstrate an understanding of the major trends in organizational communication, including their theoretical principles, origins, strengths and weaknesses, and how these can be implemented in the present society.
